INFORMATION DISCLOSURE STATEMENT

Sir/Madam:

In accordance with the duty of candor, the Applicant wishes to make of record the following documents listed on the attached form.

☐ A) This statement is being filed—

1. Within three months of the filing date of a national application other than a continued prosecution application under § 1.53(d);
2. Within three months of the date of entry of the national stage as set forth in § 1.491 in an international application;
3. Before the mailing of a first Office action on the merits; or
4. Before the mailing of a first Office action after the filing of a request for continued examination under § 1.114,

and therefore no additional fees are due,

OR

☒ B) This statement is being filed—

1. Before the mailing date of any of a final action under § 1.113, a notice of allowance under § 1.311, or an action that otherwise closes prosecution in the application; or
2. On or before payment of the issue fee,

and it is accompanied by one of:

☒ A fee set forth in § 1.17(p). A check for \$180 is hereby enclosed; or

☐ A statement specified in 37 C.F.R. 1.97 (e):

☐ Each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or

☐ No item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement.

This information disclosure statement is not to be construed as a representation that a search has been made, nor is it to be construed as an admission that the information cited in the statement is, or is considered to be, material to patentability as defined in § 1.56(b). Finally, Applicant claims that the current application has priority over publication number 20050110950 published on May 26, 2005.

Respectfully Submitted,
